Journal of Organizational Behavior - Wikipedia

Organizational self-management, also referred to as labor management and workers' self-management, is a form of organizational management based on self-directed work processes on the part of an organization's workforce. Self-management is a characteristic of many forms of socialism, with proposals for self-management having appeared many times throughout the history of the socialist movement, advocated variously by libertarian and market socialists, communists and anarchists.

Organizational self-management - Wikipedia

Positive Organizational Behavior is defined as "the study and application of positively oriented human resource strengths and psychological capacities that can be measured, developed, and effectively managed for performance improvement in today's workplace". For a positive psychological capacity to qualify for inclusion in POB, it must be positive and must have extensive theory and research foundations and valid measures. In addition, it must be state like, which would make it open to ...

Positive organizational behavior - Wikipedia

Organizational retaliatory behavior (ORB) is a form of workplace deviance. ORB is defined in the bottom up sense as an employee's reacting against a perceived injustice from their employer. ORB is defined in the bottom up sense as an employee's reacting against a perceived injustice from their employer.
